THE JOURNAL OF DERIVATIVES

A LETTER FROM THE DIRECTOR OF THE IAFE

Dear Subscribers,

Our spring 2008 calendar wraps up with the IAFE Annual Conference which will be hosted in New York on June 25th. This year's event, Investing Through Volatile Markets, will include the keynote speech Momentum Stocks from our 2007 Financial engineer of the Year Jack Treynor. Other sessions include remarks by Peter Bernstein, and panels on the quant and hunger crises. For the full agenda and to register please visit the IAFE website at www.iafe.org. Corporate sponsorships are available as well, for more information please call the IAFE office at 646-736-0705.

IAFE MEMBERSHIP

If you have not renewed your membership for 2008, now is a great time to do so. Some of the key benefits of IAFE Membership include:

- Discounts to IAFE Endorsed Conferences. As part of our educational mission, we endorse conferences that we believe our membership would value. Conference fees can be exorbitant and the 20% discount that our members usually receive often saves them a dollar amount exceeding the price of their IAFE membership.
- Institutional Investor Journal special rates. All IAFE members are now entitled to enjoy special rates on nine Institutional Investor Journals, including the official IAFE publication, *The Journal of Derivatives.* There are now even more benefits to being a member. More information can be found on the IAFE website.

To join, simply complete the membership application at the back of the journal or use our online form at www.iafe.org.

IAFE WEBSITE NOW FEATURES STREAMING VIDEO

All IAFE Members now have access to additional content on the IAFE Website. Included in this members-only section are videos of select IAFE Events, including our 2007 annual conference: From Quant to Riches and our career focused panel: How I Became A Quant. Some of our Spring 2008 events are posted as well including Derivatives Post-Trade Processing. All of this is available at www.iafe.org under the "Members Area" tab.

Best regards,

David Jaffe
Director, IAFE
