Aims and Scope:

The Journal of Empirical Finance will provide an international forum for empirical researchers in the intersection of the fields of econometrics and finance. The Journal welcomes high quality articles in empirical finance. Empirical finance encompasses the testing of well-established or new theories using financial data, the measurement of variables relevant in financial decision-making, the econometric methodology with finance applications. Submissions in any field of finance, corporate, international, asset pricing, market microstructure, etc. are welcome.

Author enquiries. For enquiries relating to the submission of articles (including electronic submission where available) please visit the Author Gateway from Elsevier Science at http://authors.elsevier.com. The Author Gateway also provides the facility to track accepted articles and set up e-mail alerts to inform you of when an article's status has changed, as well as detailed artwork guidelines, copyright information, frequently asked questions and more.

Contact details for questions arising after acceptance of an article, especially those relating to proofs, are provided when an article is accepted for publication.
