Journal of Empirical Finance

Call for Papers

Special Issue and Conference on: International Finance

The Journal of Empirical Finance (JEF) is calling for papers, which study the current developments in the area of international finance. A joint conference with LIFE (Limburg Institute of Financial Economics) will be held (tentatively) in Maastricht on March 25–27, 2005. We intend to publish a special issue with Ingrid M. Werner as Guest Editor and Franz C. Palm and Christian C. P. Wolff as Editors. Possible topics include but are not limited to:

- International asset markets
- International asset allocation strategies
- Foreign exchange rate markets
- Prediction of exchange rates
- Announcement and intervention effects in foreign exchange markets
- Microstructure of foreign exchange markets
- International capital market integration
- Risk and return on global asset markets and benefits from international diversification.

All articles will be subject to the usual peer review process.

Biennial Award of US $5,000

The best articles will be published in the Special Issue and the top-rated article will receive the Biennial Award of the Journal of Empirical Finance of US $5,000.

Submission Details

Submission deadline for the conference and Special Issue on International Finance is **October 31, 2004**.

Details on the Instructions to Authors may be viewed from JEF's website in Econbase at http://www.elsevier.com/locate/econbase and then click on Journal of Empirical Finance.
Alternatively, please see the Instructions to Authors as printed in the Journal.
Papers for presentation at the conference and publication in the Special Issue should be clearly marked as submissions for the Special Issue on 'International Finance' and accompanied by a submission fee of US $50.

Papers should be submitted in quadruplicate to:
Professor Franz C. Palm
Maastricht University
Faculty of Economics & Business Administration
Department of Quantitative Economics
P.O. Box 616
6200 MD Maastricht
The Netherlands
